

OUR LETTER FROM VERDI

Happenings up the River During the Past Week.

The dance which was to take place Friday October 4th, has been postponed to Friday October 11th. Music will be in attendance from Reno and a good time is assured all who attend.

Thursday the first fog was run through the new mill as a test. When this fog commenced running its full capacity things will brighten up in this vicinity.

The company which is in charge of the new mill, which will be up to date in every particular. They have a big connection with the Steamer Co. which will provide ample fuel for all purposes and insure a good supply for any emergency that may arise.

Charles Derby, 21 years of age was drowned at the Marble Works Dam Friday. He had but a few months since returned from San Francisco and was working with his father when he fell in.

Another gap has been made in our midst and one that can not well be filled. To his friends affable and courteous and ready to assist at any time to others kindly and kind. Verdi can well join with his friends in their bereavement.

The town showed its appreciation of his many excellent qualities by turning out in a body to the Sunday in order to perform the last sad rites over all that was mortal of poor Charles Derby.

School is now running with over 100 pupils in attendance. More are expected as soon as the fall work is completed.

The Senior class of the University with Miss Edwards and Laura Smith as chaperones paid our little town a visit Saturday. They took in the various sights of the town and then finished up by taking a trip on the new railroad.

Saturday while Fred Monville was unloading logs he slipped and was caught by a huge log rolling down the chute into the pond. Dr. Moore did what he could for him but inflammation set in and he died Monday morning.

Mr. Monville was only 42 years of age and has been with the company for about a year.

He has by his courteous treatment to all made many friends and his loss will be keenly felt. The Ancient Order of Foresters made arrangements and sent the body to Reno Tuesday to be embalmed.

He will be shipped east to Hannibal, Missouri, where his folks reside Wednesday.

Trains are engaged in hauling lumber but have been for some time from Sun to Mill to the Box Factory.

A Court of Foresters have been organized with a membership of 25 members.

A train came up from Reno last Thursday night. After some invitation it was a heavy good time after which the visitor left on their train.

Handers in this vicinity report it quite plentiful and indication of big

game, but so far none of the latter have been brought in.

Monday night a lamp took fire in Mr. Ray's store. Only Mr. Ray's prompt action of throwing the offending article outside, prevented a disastrous fire.

A horse belonging to Will Foulks, took "French Leave" Sunday and proceeded to demolish things to its own satisfaction. However, beyond a badly broken buggy no serious damage was done.

Don't forget the Masquerade Ball, October 11th. Tickets, \$1.

GOOD FOR THIS CITY, IF TRUE

A Rumor that the Railroad Shops Will Be Moved Here.

The following item of interest appeared in yesterday's San Francisco Chronicle:

All signs now point to Reno being shortly made a railroad division and the site of great car shops. The Reno division of the Southern Pacific has already been created, extending from Colfax to Ogden. E. H. Plentier for many years in the employ of the Southern Pacific in positions of trust and confidence, has been appointed division freight and passenger agent and has assumed the duties of his position. He has opened an office in this city, and, with a staff of assistants is collecting data on the resources of the division and coming into touch with the principal shippers. The order has also gone forth that Reno is to be made the end of a division for freight cars after October 15th.

It is rumored that a thirty stall stone roundhouse is to be built and mountain power used to the westward. Surveying parties have been at work in this vicinity for some weeks and although absolute secrecy is kept, it is patent that a move of importance is under consideration. General Manager Dunaway of the Nevada-California Oregon Railway states that after this season no more narrow-gauge track will be laid by his road, which is pressing forward from Reno toward the Oregon Short Line.

The Departure of Pullman and Bride.

George M. Pullman and bride accompanied by Mrs. West the bride's mother and J. O'Donnell left last night on No. 2 for San Francisco. They were guests at the Clarendon Hotel for the past three days. The sleeping car magnate's son and his wife will make San Mateo their home.

TO PARENTS AND STUDENTS.

Straining the eyes while studying means inflamed eyelids, headaches, nervousness, cross eyes, muscular weakness and thousand other defects. Parents should help to make studying a pleasure for children, instead of a task by taking them to the Frank Golden Jewelry Company and having their eyes properly examined to see if there is any defect in the eyesight.

Rev. Donnan has resigned the pastorate of the Carson Presbyterian Church.

MISSION OF THE PAULISTS

Interesting Discourse by Rev. Wyman Last Evening.

According to the custom at mission services a doctrinal instruction preceded the prayer of the rosary at St. Mary's Church last evening. Father Moran was the speaker and his subject was the "Divinity of Christ." Father Wyman preached the sermon from the text "Know thou and see that it is an evil and a bitter thing for thee to have left the Lord thy God." Jer. 11:19. Sin and its consequences was his theme. He said in part "The greatness, the enormity of sin can only be measured by the greatness of Him, who is offended by it. It is a great evil as God is great and good." He described most vividly the omnipotence and holiness of God and contrasted them with the nothingness and perversity of man.

"Sin is something which God necessarily hates and punishes. We might as well try to persuade God to be less good than He is as to try to persuade Him to hate sin less than He does." God does not wish to make hell. Mortal sin forced Him to make it. A sin in mortal sin could no more dwell in the presence of God in eternally light and darkness could dwell together in the same place. These fathers appeal to the intellects of their hearers, rather than to their emotions and are attracting people of all creeds.

Tribute to His Memory.

An occasional correspondent sends from Verdi the following additional facts regarding the recent drowning of Charles Derby near that place:

Charles M. Derby was accidentally drowned near Marmol by falling off the dam into the Truckee river, September 27, 1901. His father and brother tried in vain to rescue him, also a crew of bridge builders, who were near at hand, did everything possible to save him but after more than two hours search, his body was found at a depth of eighteen feet. Sad was the journey homeward as kind neighbors and friends bore the body back to the sorrowing parents and sisters and brothers.

Charles was a bright, industrious boy, just past 21 years of age and life had bright prospects for him, but it was ended otherwise. May our kind Heavenly Father soothe the stricken heart of his loved ones in the wish of his many friends. We laid him beneath the sod and bright flowers adorned the grave.

Too Late!

RENO BOARD OF TRADE

A Matter That Is of Vital Interest to All Citizens.

Within a week The Journal will publish a call for a public meeting to organize a Board of Trade in this city. There is no questioning the fact that a move of this sort will vastly benefit the town, provided enthusiastic and clear headed people are put in command of affairs.

The matter is being planned with a view to this end and before the call is issued for the meeting it will be clearly understood what method of procedure can be taken to best further the interests of this city.

To the end that no mistake be made at the inception of the proposition of The Journal calls upon its readers to make suggestions as to the method of work and the results to be attained.

Report Tells of a Good Strike.

Several locations have recently been made by prospectors on Red Mountain, about twenty miles north of east from the Comstock. The locators have not yet ascertained whether their locations are in Storey or Lyon county and will determine that question, says the Report.

Red Mountain is in the vicinity of what is known as the Cooney wood ranch, and as the formation is of volcanic origin it was supposed to contain no mineral values, but the locators claim to have found a four-foot vein of ore on the eastern slope of the mountain that carries gold values ranging from \$50 to \$60 per ton.

While the formation in other parts of the district is highly mineralized, usually carrying galena ore, no attention was heretofore paid to Red Mountain on account of the lava cap rock.

General Assembly.

The General Assembly of the University will be held at 8:30 p. m. Wednesday, October 2, 1901.

The address will be delivered by the Rev. Father Wyman, who ranks as one of the foremost scholars and speakers resident on the Pacific Coast. The public are cordially invited.

Going Rapidly.

Dr. St. George is meeting with great success in disposing of the lots in his new addition to this city. A number of handsome residences will be erected in this part of town within the next few months. It is liable to become Reno's Nob Hill before long. Nearly forty lots have already been sold.

A Pleasant Resort.

A handsome new sign adorns the entrance to Knapp's Hoffman saloon and tamale grille under the Bank of Nevada. This establishment makes

a specialty of the Wunder Brew draught beer. There are private rooms for families and piano rooms for private parties. Three entrances.

Doing a Big Business.

Felix Vogliotti spent yesterday at his wood camp near Parry. He has a large force of men employed getting out a contract of several hundred cords for the Nevada-California-Oregon railway company.

MURDEROUS REDSKIN

Joe Pete Is off on Another Butchering Spree.

Joe Pete, the blood-thirsty Plute, who murdered Willie Dangberg, son of the wealthy Douglas county rancher, a year ago, who was apprehended and who broke jail, has gone on the war path again.

The Carson News received a dispatch yesterday regarding his latest scalp taking:

This murder occurred between 8 and 9 o'clock last evening at a point east of Harvey Lake, near Woodfords. He shot and killed his father-in-law, Geo. Rudley, also an Indian, and attacking a squaw in the camp beat her over the head, leaving her for dead.

The Indians gave the alarm to the white people at Woodfords, but Pete had skipped out and no trace of him has as yet been found.

The squaw will recover it is believed.

The Indians assign no reason for the murderous attack upon either of his victims of last night's fight, save a natural murderous disposition.

The Copper Queen Is Being Developed.

Messrs. Cutts, Norcross and Pot-hoff are diligently developing their Copper Queen mine three miles north-west of town. A shaft has been sunk 50 feet and another 20 feet. A cross-cut has been run from the bottom of the deeper shaft. The ledge there is twelve feet wide and carries a streak four and a half feet wide, nearly all of which is shipping ore. A large sample on exhibition at H. J. Thye's saloon carries 15 per cent copper besides some gold and silver.

VOX POPULI.

THE legislature of 1899 enacted a law which comes as nearly as possible to the carrying out of the principle of electing United States Senators by direct vote of the people, until the Federal constitution is amended to that effect. The statute provides that when nominations for United States Senators are made by political conventions, the names shall be filed in the office of the Secretary of State, the same as other candidates for State offices; the names placed on the tickets; the votes regularly canvassed, and the Secretary of State shall furnish the succeeding legislature a certified copy of the entire returns for that office.

Here is an opportunity for the people of Nevada to carry into practical effect a principle which is favored almost unanimously by the voters of the State. Let the State conventions, each, nominate its candidate, and let it be understood by resolution, in each convention, that the candidate receiving the most votes at the polls, shall receive the unanimous support of the legislature. Let the county conventions of the different parties instruct their legislative nominees, and exact from them a pledge to obey the voice of the people as manifested in the election returns, by voting for the majority or plurality candidate, of whatever political party he may belong. The legislators will then be in the same position as presidential electors, who are unrestrained by law in the casting of their votes, excepting the unwritten law of personal honor and public duty, which in no instance has been violated in the history of the Republic.

No person who favors the election of Senators by the people, instead of by legislatures, can reasonably object to this plan. If it is adopted it will have all of the practical effect of such amendment to the Federal constitution as we believe ninety-five per cent of the voters of Nevada desire. It will make the legislative election a mere formality. It will prevent that waste of time which should be employed in needed legislation. Last but not least, it will prevent the recurrence of such scenes of corruption, bribery and scandal as have too often disgraced the legislature and State at some of the former Senatorial elections.

IRRIGATION RECOMMENDATION.

THE Department of Agriculture has issued a bulletin on irrigation, based upon investigations of expert and special agents and urges that the State should ascertain the volume of available irrigation water, define hereafter, and provide an effective system of water administration. The recommendations are, the creation of the State Board of Control of waters, making appropriated waters State property, and the limitation of all appropriations to actual beneficial use and the attachment of all rights to water to the land irrigated.

These suggestions and recommendations are the result of a long study and experiment upon irrigation problems. Wyoming, Colorado and Montana have adopted practically the system outlined by the Department's suggestion. The system has worked efficiently in these States and water litigation in Wyoming is a thing of the past. The unsettled law upon irrigation in the west has been a great drawback to irrigation development and the utilization of capital. Capital will not make a vast expenditure only to have its rights disturbed and its values depreciated by unjust legislation or selfish interference in water rights. The recommendations of the Agricultural Department are based upon long investigation, and are in line with modern thought on the problem.

Investigations are now being conducted in Nevada for the purpose of gathering data upon these subjects and no doubt but that the same recommendations will be made regarding Nevada. It will require the adoption of a constitutional amendment in this State to enable the State to follow out the recommendations of the Department giving the State control of its waters. These matters settled and capital can safely invest money in irrigation projects without having its rights disturbed by litigation. The question is one that must, sooner or later, be taken and settled by the people of Nevada and the farmer should give the matter special attention and study.

FACTS ABOUT RENO.

IT SEEMS Reno is acquiring a growing reputation abroad as a town of possibilities. In a nutshell information can be given direct to the point. The stranger wants to know something about Reno. If he will cut this out and paste it in his memorandum book he will know that Reno is the metropolis of Nevada; that Reno is the county seat of Washoe county and is quite likely to be the State capital; that Reno is a distributing point for Ormsby, Douglas, Storey, Churchill, Lyon, Esmeralda and Nye counties in Nevada, and a distributing point for northeast and eastern California and southwestern Oregon; that Reno has a population of 7,000 and will likely increase it to 10,000 in three years; that Reno has seven churches, twelve national societies,

three papers, two of them daily; it has no vacant stores or houses; that Reno has two competitive light and power companies; that Reno has eight hotels and a new \$45,000 hotel soon to be erected; that it is the center of a mining, agricultural and timber country; that Reno has every natural advantage and the resources necessary to a town of 25,000 people; that Reno has the State University, and a fine high school; that Reno is a railroad center, a stock shipping center, a stock feeding center; that Reno has a splendid water power for manufacturing purposes; that Reno has a smelter, a cold storage plant, and has the State Fair; that her people are enterprising, progressive and public spirited, and that Reno is an ideal place for a home; that Reno is a health resort and will in ten years be the leading city between Denver and San Francisco.

WITH their usual display of statesmanship the Republican Congressmen of the coast have called a meeting to discuss the advisability of political appointments under Roosevelt. It would be much more to the advantage of the coast if these partisan bigots would form a union to compel the east to recognize the west. The Republican legislation for 40 years has been legislation for the east and the trusts. The west is a sort of a neglected asset of the Republican party.

WILLIAM TEA SAMPSON should now demand a Court of Inquiry as to the status of absent heroes.

NEVADA from present indications will make rapid strides in her mineral output in the next ten years.

THE erection of a \$45,000 hotel in Reno is evidence of our prosperity.

LEGAL ADVERTISEMENTS.

[Timber Land, Act June 8, 1878.]

NOTICE FOR PUBLICATION.

UNITED STATES LAND OFFICE,
Carson City, Nevada, August 31, 1901.

NOTICE IS HEREBY GIVEN THAT IN compliance with the provisions of the act of Congress of June 8, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Samuel Longbaugh of Empire, county of Ormsby, State of Nevada, has this day filed in this office his sworn statement No. 66 for the purchase of the S. 34 of Sec. 34 and S. 35 of Sec. 34 of Township No. 36 in Township No. 18 E. and R. 18 E. M. D. M., and will offer prior to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 11th day of November, 1901.

He names as witnesses:
John G. Ellis of Carson City, Nevada.
Win. W. Coleman of Carson City, Nevada.
Andrew Gray of Carson City, Nevada.
Ed. G. Walstrom of Empire, Nevada.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 11th day of November 1901.

O. H. GALLUP, Register.
Date of first publication: Sept. 4, 1901.

ANNUAL MEETING.

The stockholders of the California Fig Syrup Company are hereby notified pursuant to the By-Laws of said company that the annual meeting of its stockholders will be held in its office, J. J. Quinn's store in block F, Reno, Washoe county, Nevada, on

MONDAY, THE 26th DAY OF AUGUST, 1901.

at the hour of 2 p. m., for the election of five trustees to serve for the ensuing year and transact such other business of said company as may lawfully come before said meeting.

J. J. QUINN,
Secretary.

Reno, August 7 1901.

POSTPONEMENT.

The date for holding the regular annual meeting of the Syrup of Figs Company has been postponed until Monday, October 7, 1901.

NOTICE OF FORFEITURE

To A. O'Brien, Co-Owner, you are hereby notified that we have expended the sum of \$65.92 for the year 1900 and \$617.75 for the year 1901 to date making a total of \$1263.67 for labor and improvements upon the Willow mine situated in Jumbo Mining District, County of Washoe, State of Nevada—and within ninety days after this notice by publication, if you fail or refuse to contribute your proportion of such expenditure as Co-Owner, your interest in said claim will become the property of the subscribers under Section 2324, Revised Statutes of the United States.

Date of first publication, August 27, 1901.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

The work of painting the State Library has been completed and presents a most pleasing appearance to visitors. A lodge of Knights of Pythias will be organized at Fallon, Churchill county, October 11th, with thirty-three members.

Mrs. M. Winzell of Pine Valley has made a sale of a large number of her cattle to John Sibbald of the Golconda Cattle Company, and over seven hundred head were delivered for shipment on Wednesday last at Carlin.—Eureka Sentinel.

Bodiless talk of organizing a Vigilance committee to rid the town of toughs.

The Oregon Short Line is credited with having the best road in the State between Calientes and Milford, Lincoln county. In the tunnels the sides are boarded up and painted white and on both sides of the track, from Calientes to Nevada, the brush is cleared away 100 feet each side of the grade.

Ole Anderson, a county hospital patient, died this morning of dropsy. Deceased was a native of Sweden, aged 61 years, and was quite well-known in the southern part of the county. He was brought here from Lovelock about four months ago.—Silver State.

The resumption of work in the mines acts as a stimulus to the business men, who are enlarging their store rooms and increasing their stock. Real estate owners are repairing offices and dwellings to accommodate the influx. City lots are in demand, but none for sale. New business houses open daily. The smelter below town and the railroad to the Jackrabbits are undergoing thorough repairs, and ere long their whistles will unite with those of the Manhattan Company in ushering in the new boom. Everything in and around Pioche indicates an era of prosperity, equalled only, perhaps by the flush times of early days.—Pioche Record.

TOT CAUSES NIGHT ALARM.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung troubles. Fifty cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins, Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookins' store.

DURHAM BULLS FOR SALE.

I have now here for sale twenty-six high-grade Durham Bulls that I can vouch for. They are of my own raising, by registered sires and out of either high-grade or full-blood mothers. Yearlings, not pampered for show purposes, deep red in color and the best lot of grades ever offered for sale in the State. W. H. PATTERSON. Reno, Nev., Sept. 23, 1901. 2w

STEPPED INTO LIVE COALS.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by S. J. Hodgkinson, 25 cents.

HOW IT IS DONE.

The first object in life with the American people is to "get rich," the second, how to regain health. The first can be obtained by energy, honesty and saving; the second, (good health) by using Green's August Flower. Should you be a dependent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constipation, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of the well-known August Flower will relieve you at once. Go to Hodgkinson and get a sample bottle free. Regular size, 75 cents. Get Green's price Almanac.

WHAT'S YOUR FACE WORTH?

Someone's fortune, but never, if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at S. J. Hodgkinson's drug store.

MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

The suit of Mrs. Angel of Silver City vs. Frank Golden was tried before Judge Mack in Carson Saturday. The Judge intimated that a sale of the property would be the only way to settle the matter in dispute. The suit involves title to a mining claim in Silver City.—Report.

It is reported that a big gold strike has been made near Keeler, Inyo county, Cal. There is a three mile ledge of paying ore that has been taken up and 1000 miners are on the ground.

Sixteen tons of mill machinery arrived in Dayton Wednesday for the people who have bonded the Lizard mine below Sutro. A mill will be constructed to crush the ore from the mine.

Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which ruins mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and Theobald's Black-Draught, its companion medicine. Runs out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Vandervoort, Ark., April 2, 1900.
Last May I had a miscarriage, which was followed by flooding. I read your almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

Scatters Coin Hereabouts.

J. F. Reynolds, president of the Oakland Meat Company, is a guest at the Palace. Mr. Reynolds has returned from a trip to the northern country where he made purchases of a number of bunches of cattle. Yesterday he bought 600 steers from Senator Flanagan, paying the top market price.

Mr. Reynolds says that nearly all the cattle in the northern country have been purchased. A number of droves are on their way to this city. Dry, cold weather is prevailing to the northward. This is very unseasonable weather for the cattle industry.

The Oakland Meat Company is one of the largest distributors of coin among the cattlemen in this vicinity. This corporation draws nearly all its supplies from Reno and the Shasta Valley. During the killing season their purchases amount to about \$40,000 a month.

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine, often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boscche's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from Hodgkinson. Regular size, 75 cents. Get Green's Prize Almanac.

Editor Journal: Some months ago I read in your paper the offer made by the Reno Red Cross Society to donate to the town of Reno the sum of \$250 to be expended according to the wish wishes and I, together with a number of other citizens, made suggestions through the columns of The Journal.

The columns of this paper are open to contributions on this subject.

If these good ladies have already donated this money I know nothing of it. Will they kindly enlighten me as to the disposition they have made of this sum agreed to be donated to the city. This is a delicate matter, but I really feel that the public is entitled to know whether or not the ladies have repented of their generosity.

A FIENDISH ATTACK.

An attack was lately made on C. F. Culler of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50 cents at S. J. Hodgkinson's drug store.
